

## RGB Warning Lights

- RGB SMD Led module.
- 2 years warranty.
- 4 colors with RGB Led technology.
- **77-130 dB** volume.
- ABS housing.
- Polycarbonate lenses.
- Can be mounted on surface and wall.
- Does not affected by water, dust, heat and UV rays.
- 50.000 hours LED life.
- 6 Melodies
- Sound and light can be controlled separately.
- Steady-Flashing-Strobing-Rotary and with Buzzer as working options.
- 12-24V/DC
- **RGB inputs are current protected.**
- **Can be connected to PLC directly.**
